

SPECIES LEAD ROLE DESCRIPTION

REG CHARITY 1135508

01773 712999

SUMMARY

Each Species Lead will provide support to the Trustees on all matters of animal welfare regarding the chosen species.

Species include Rabbits, Guinea Pigs, Sheep & Goats, Pigs

EXPERIENCE

You would ideally have a minimum of a year's experience volunteering at the sanctuary and have a sound knowledge of your chosen species or a willingness to research and learn, to gain an in-depth knowledge of your chosen species.

WHAT WOULD I BE DOING?

The volunteer role is to provide the Trustees with support by providing advice and to help implement agreed changes along with the support of other volunteers.

WHAT WILL I GAIN?

This is a great opportunity to take a more active role within the charity, to build your knowledge and practical experience with a particular species.

WHAT ARE TYPICAL TASKS?

Provide advice & support to the Charity regarding the day-to-day welfare and rehabilitation of the species to include;

- Diet, accommodation, health, wellbeing.

Support the development of support documentation, such as;

- Volunteer Handbook content
- Volunteer guidance
- Website content
- Guidance for new owners
- Record keeping

Provide guidance and support to other volunteers to help maintain a minimum standard.
